INTERNATIONAL

Developing for you a
strategic vision
to successfully deal with your
professional challenges.

ABOUT US

In a versatile, dynamic and global environment, business leaders must acquire the vision and strategic thinking that allows them to adapt their business model in terms of opportunity, obtaining sustainable results and making an impact in their organizations. We provide that opportunity to develop your strategic vision and update your knowledge about the latest trends in Businessware, therefore maximizing your leadership, in order to deal successfully with your professional challenges.

A modern office interior with a blue sofa, a white table, and a bookshelf. The room features a white wall with a framed abstract painting, a black floor lamp, and a black ladder-style bookshelf. The floor is made of light-colored wood. The ceiling has recessed lighting fixtures.

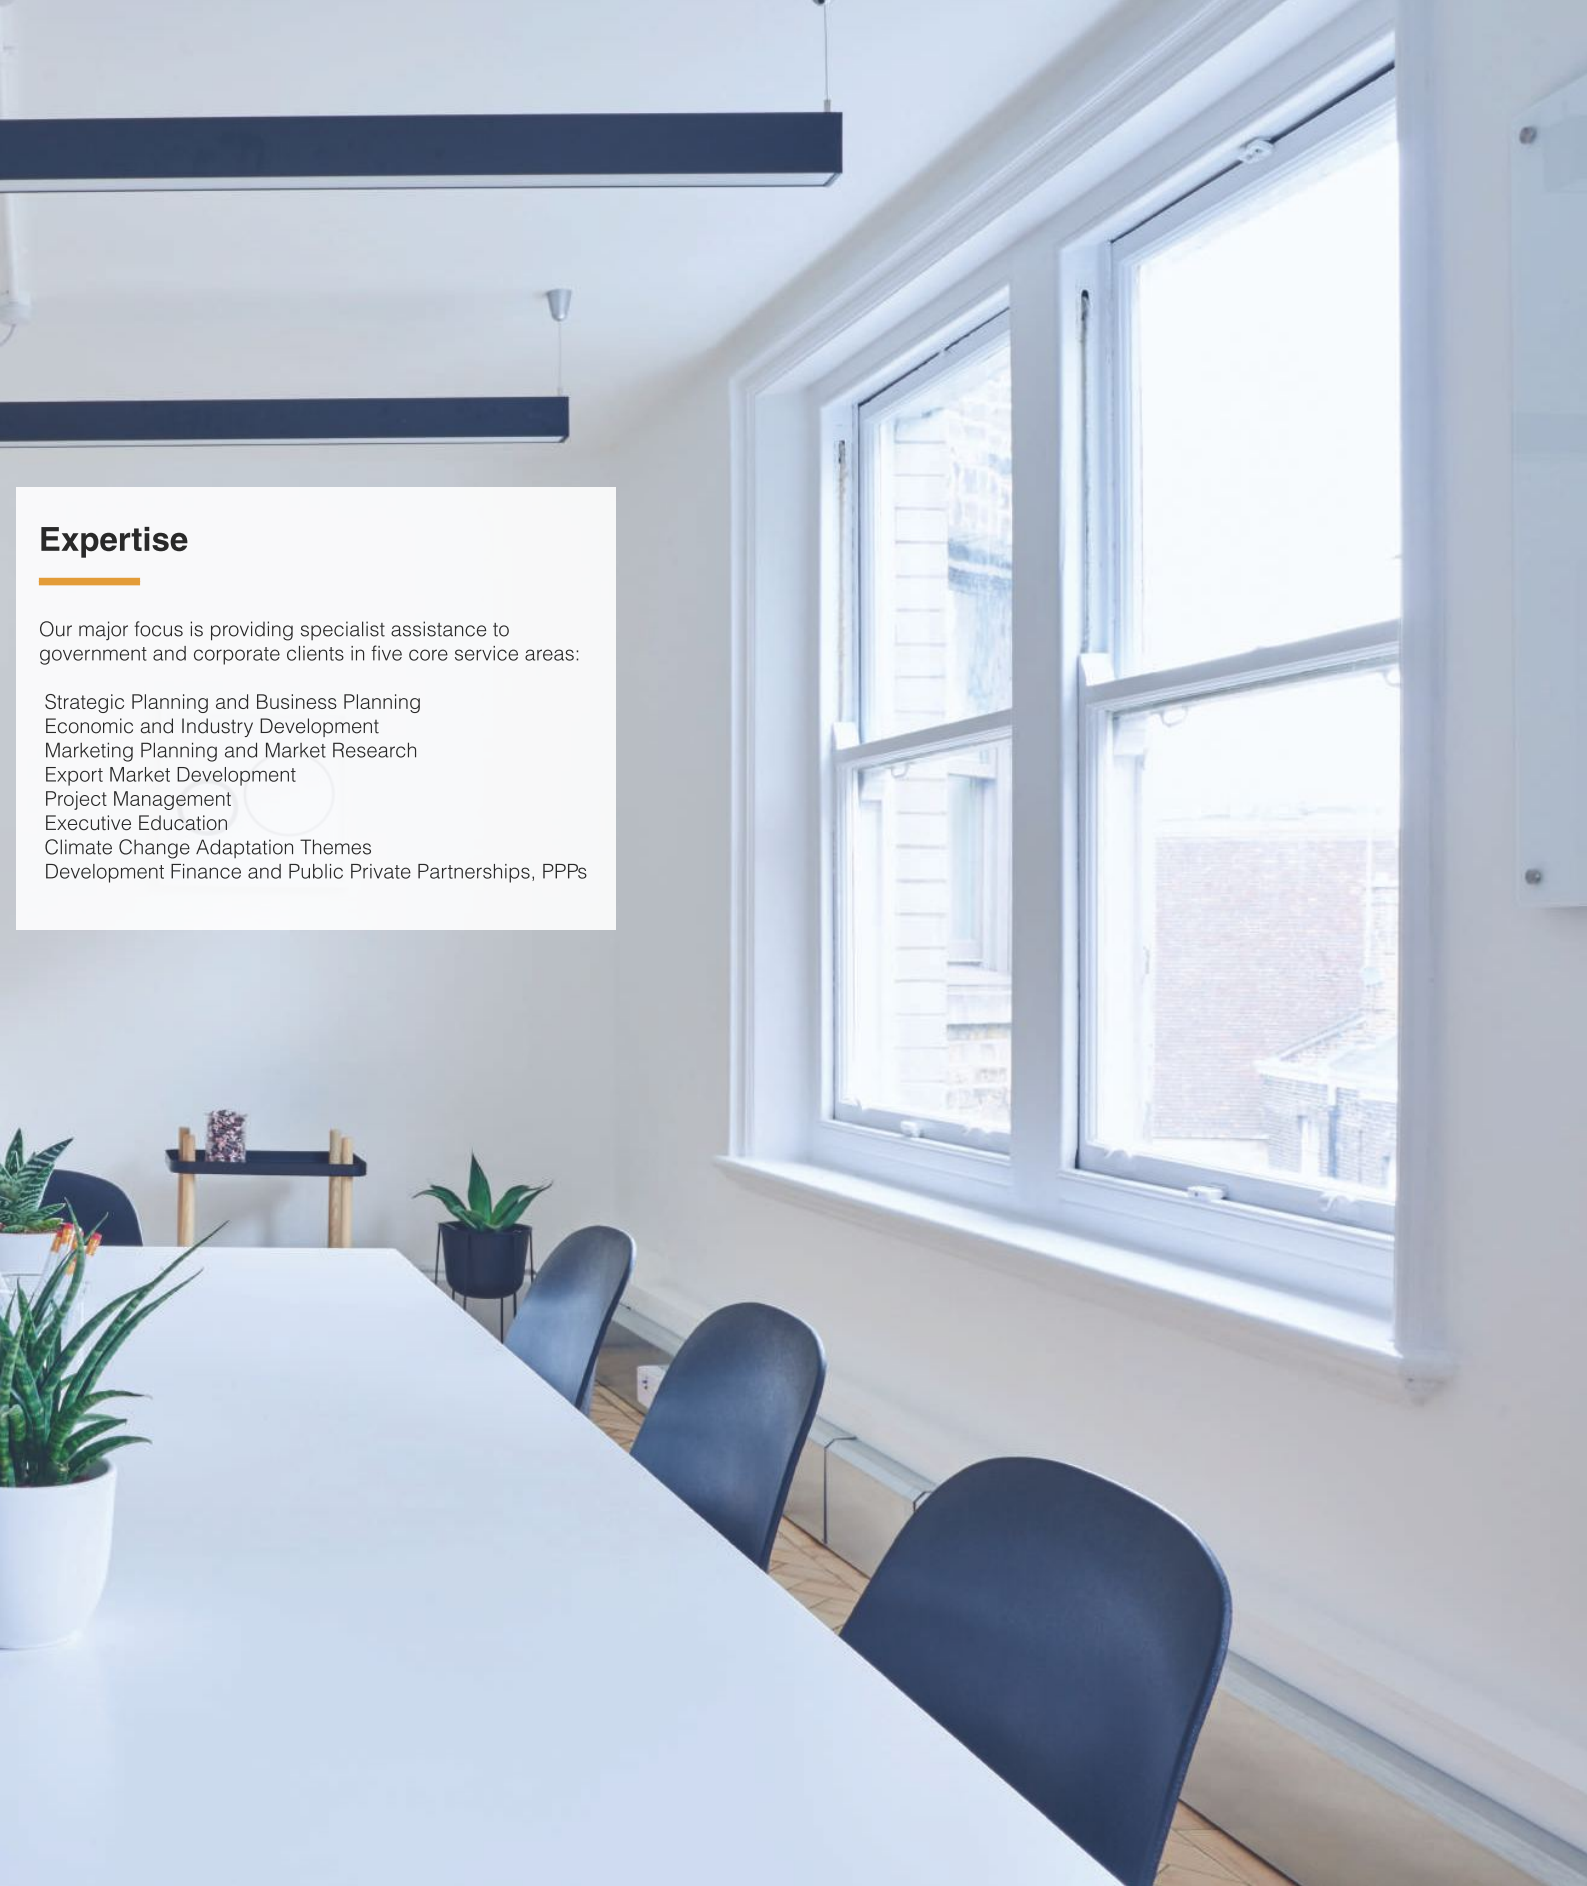

OUR MISSION

We aim to respond to the complex business challenges facing our clients. We adopt a global approach spanning profession disciplines, industry sectors and national borders focused on specific topical issues in day to day business management and leadership development tailored to the respective target groups across corporations and of modular design.

Expertise

Our major focus is providing specialist assistance to government and corporate clients in five core service areas:

- Strategic Planning and Business Planning
- Economic and Industry Development
- Marketing Planning and Market Research
- Export Market Development
- Project Management
- Executive Education
- Climate Change Adaptation Themes
- Development Finance and Public Private Partnerships, PPPs

HAM INTERNATIONAL

HAM INTERNATIONAL is a global boutique consultancy that provides classic consultancy services to governments, NGOs and business sector clients. Our practice offers world-class approaches for achieving exceptional institutional performance through process excellence, policy development and culture change. We have developed the soft skills that allow us to put that experience and knowledge to generate targeted change.

Our well-honed approach creates institutional transformation, aimed at achieving extraordinary bottom line and social results. Our network of associated professionals enables us to be flexible and responsive in supporting and providing a wide range of services in a variety of areas.

In a versatile, dynamic and global environment, business leaders must acquire the vision and strategic thinking that allows them to adapt their business model in terms of opportunity, obtaining sustainable results and making an impact in their organizations. We provide that opportunity to develop your strategic vision and update your knowledge about the latest trends in Businessware, therefore maximizing your leadership, to deal successfully with your professional challenges.
